An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angela Villanueva on 9-1-06.

Cancel claim 3.

In claim 1, after line 6, insert a new line 7, as follows: ---said cushion supports are positioned intermediate the main body and the handle; and said cushion supports are adapted to apply a light pressure against a back of a hand of a hand inserted between the main body and the handle---.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest singularly or in combination a hand-held drinking container including a handle and an external triggering means used as an exercising device wherein cushion supports are position intermediate the main body of the device and its handle as specifically claim in the claim one as now amended.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note the triggering means (9) reservoir and cushions (15) of Hobbs.

Art Unit: 3764

Note the overall device of Hanzlik, Hall Paquette, Gardner et al.

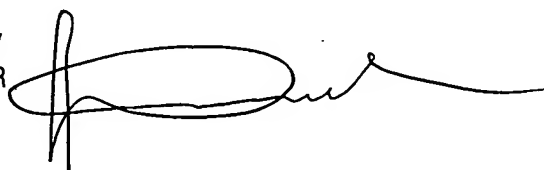

Note that the main body of Hirose et al does not include cushion supports.

Note the overall device of Arnieri et al.
